Building On Trust, Delivered With Care

OUR SOLUTION

The NyumbaniCare App
A digital platform that connects busy families with trustworthy, trained, and background-verified house-helps.

What you can expect here

- 01 Verified workers
- 02 Training and professional development for workers
- 03 Structured feedback and resolution system
- 04 Secure, fast hiring process

THE SCIENCE BEHIND IT

Our platform is built using modern tech and scientific principles to ensure safety and reliability

Data Encryption & Digital Security: To protect your data and transactions.

Information Matching Algorithms: For better worker-family fit based on preferences, ratings, and experience.

What we assure you

- 01 We continuously assess the quality and reliability of our househelps through regular feedback and performance reviews
- 02 There are specialized house helps which will be categorized with need e.g. Babysitting, ElderCare
- 03 We match you with househelps based on your specific needs, preferences, and household dynamics.
- 04 We assure you that the trained house helps will be certified in fields e.g. First Aid

THE CHALLENGE

Finding a reliable house-help is stressful, risky, and time-consuming. Many families in Nairobi struggle with:

- 1.Security concerns
- 2.Unverified workers
- 3.Lack of structured hiring options
- 4.Poor service quality
- 5.Lack of proper training.
